Petition Under 37 CFR 1.47(b) and in Response to Notice of Missing Parts of Nonprovisional Application

Dear Sirs:

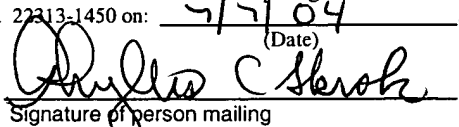

The present application was filed on June 23, 2003 naming two inventors; Thomas C. Russell (Russell) and Charles M. Winterfeldt (Winterfeldt), such application being filed without a Declaration or Assignment.

A Notice of Missing parts of Nonprovisional Application (Notice) was mailed December 31, 2003, requiring the filing of a proper oath or declaration along with necessary fees.

In response to such Notice, the Declaration of inventor Russell is being submitted herewith. An Assignment of the invention from inventor Russell to The BOC Group, Inc. is also being submitted herewith.

However, after repeated requests, inventor Winterfeldt has refused to sign either the Declaration or the Assignment.

Therefore, a petition under 37 CFR 1.47(b) is also being made at this time. This petition is based on the following facts.

- 1) At the time of invention of the subject matter of the present application, inventor Winterfeldt was an employee of The BOC Group, Inc., and had executed an Employment Agreement with The BOC Group, Inc. stating in part that:
I shall promptly grant and assign to the Company for its sole use and benefit any and all inventions and improvements together with all letters patent and reissues thereof that may at any time be granted for or upon any such inventions or improvement which I may make or conceive during the period of my employment.
(A copy of the Employment Agreement is attached.)
- 2) Inventor Winterfeldt subsequently left the employment of The BOC Group, Inc. and at the time of receipt of the Notice, was no longer employed by The BOC Group, Inc.
- 3) Repeated attempts to have inventor Winterfeldt sign the Declaration and Assignment have gone unanswered. In particular, copies of the Declaration and Assignment were sent to inventor Winterfeldt of three different occasions; July 31, 2003, January 30, 2004 and May 19, 2004, all of which went unanswered.
(A copy of each of the cover letters sent is attached.)
- 4) Several attempts to reach inventor Winterfeldt by phone have gone equally unanswered. This included a phone call to inventor Winterfeldt by a human resources representative of The BOC Group, Inc., to which inventor Winterfeldt stated he was not interested in signing any paperwork.
(A copy of a email message reporting the above is attached.)

This action is necessary to preserve the rights of The BOC Group, Inc. in the invention set forth in the present application and to prevent irreparable damage to The BOC Group, Inc. In other words, absent the granting of this petition, the present application will become abandoned for failure to respond to the Notice, thereby resulting in a loss of rights in the invention being claimed.

The last know address for inventor Winterfeldt is that on the letters noted above. In particular, such address is:

Mr. Charles Winterfeldt
10195 Bell Avenue
Plato, MN 55370

In light of the above showing and the payment of the fee prescribed for this petition under 37 CFR 1.17(h), grating of this petition is respectfully requested.

Further, in light of the above and the submission of the Declaration and Assignment of inventor Russell and the payment of the appropriate fees for responding to the Notice, it is respectfully requested that all submissions herewith be accepted and that the present application be further processed and examined.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'DAVID A. HEY', written over a horizontal line.
